NOTE FROM THE DIRECTOR

Happy Spring Everyone!

Officially Spring Arrives on March 19th but it sure feels like it has arrived already here with the weeks of mild weather that we have had. Having an early spring makes the transition easier. I personally am very weather dependent and thus feel much more positivity with less cold temperatures and more sunshine. Yet I must admit there are drawbacks to such unusual weather conditions. Climate change is nothing to be happy about and these record setting temperatures are, without a doubt, mostly due to global warming. But on a positive note, experiencing extreme conditions may make more of us pro-active in finding solutions for generations to come.

So, by all means "Think Spring!" and while we are at it "Think Moderate Temperatures!" And let's all try to minimize greenhouse gases. There is a solution to this looming problem if we will just choose it!

# PERSONAL PERSPECTIVE

I cannot believe it is already March! This means Spring is right around the corner. And that means (hopefully)... WARMER & SUNNIER OUTSIDE!!! Here at the Senior Center, warmer weather means more people will venture out to come play cards or participate in other activities. Then we get to see more people! I love to see all the new smiling faces, and I love to see the sun come out. So, all-in-all, I am *very* excited for Spring.

I leave with you a March-related joke...

**Why was the calendar so busy before April?**

.....

**Because there was so March to do.**

With Happy Thoughts,

Jaden Czysz
